John, Please review these draft talking points carefully, esp. the fourth one about the deep ocean sites not being part of the NPL site and the second to last one about possible next steps (not sure you want to go there yet).

John

John C.,

Judy answered my questions about the special account, but I wanted to see if the program wanted to put together some brief talking points regarding Ocean Dumping to prepare DOJ for the hearing on Monday.

If asked, DOJ is going to say that it is not before the Court and if the Judge wants more information she is going to share the letters and responses to Feinstein and Jared and say she can't say anything else.

At the meeting we had preparing Deb, I think we said that we would put together a few bullets as to what she should say which would be very brief and consistent with what's in the letters.

I am copying John L. as well. The moot court is in the morning and I would like to get her the talking points before then if possible.

Thanks.
Dusty
